

AT LEFT, ERNIE WATKINS, SUPERINTENDENT of the General Machine Shop, is presenting Abb Monger with a handsome wrist watch as a token of affection on the eve of the latter's retirement on May 31. Fellow employees gathered in the background to wish Monger well. In the picture at right Jesse Durrett, chef at the Y-12 Cafeteria who will retire at

the same time, lolls in his "Lazy Boy" easy chair given him by fellow employees along with some cash to make Jesse literally "draped in dough" for the occasion. At Durrett's right shoulder stands his wife and to his left is George J. McNamee, Cafeteria Supervisor, while friends are grouped all around the honored guest.

Two Widely-Known Y-12ers To Retire May 31 After Many Years Of Loyal Service To Plant

Abb Monger And Jesse Durrett Both Presented Handsome Gifts By Friends Before Departure

Two widely-known and well-liked Y-12ers are to retire on Thursday, May 31, ending terms of service in which their work and loyalty has been highly praised by their Supervision.

The retiring employees are Abb Matlock Monger, order detailer and estimator for the General Machine Shop; and Jesse James Durrett, chef at the Cafeteria. Both were presented handsome retirement gifts by fellow employees in their respective departments before leaving.

Both In Retirement Plan

Both Monger and Durrett are looking forward to their retirement days with pleasure — and neither made a definite commitment as to future activities as to employment, taking a "let's wait and see if anything desirable turns up" attitude. The two retiring Y-12ers are each enrolled in the Carbide Retirement Plan that will substantially add to their income in the future.

Of the two, Monger is the senior in both age and length of employment. Born in Knox County over in the nearby Hardin Valley section on May 22, 1888, he came to work in Y-12 on December 22, 1943, as a senior mechanical engineer. During his stay in Y-12 he has worked in Planning and Estimating, Procurement and the General Machine Shop in various capacities.

Attendance Record Excellent

Monger's attendance record is superlative, as in his nearly 13 years of work in Y-12 he was off work only parts of one day because of illness and for one day to attend the funeral of his mother several years ago.

As a tribute to his efficiency and personality, fellow employees of the General Machine Shop on May 22 presented him with a handsome wrist watch. The presentation was made by Ernie Watkins, Superintendent of the department, at a meeting of a group of employees. The superintendent paid tribute to Monger's long and faithful years of service and concluded:

"I know I speak for everyone in this department and your many friends elsewhere in the plant in wishing you the best of health and happiness in the future."

Y-12 Cooperation Is Praised

"I have worked all over the country," Monger replied, "and

Safety Lane Checks Held 'Encouraging'

Service Is Expected To Continue In June

Approximately 2,000 motor vehicles had received safety stickers from the Oak Ridge Safety Lane through last week signifying they were in safe operating condition, according to Oak Ridge police officials. Although this number is considerably less than the number anticipated as a result of the campaign being waged to have all automobiles and trucks in the city inspected at the safety lane, the figures are declared encouraging and an indication that more and more Oak Ridgers are becoming safety conscious when it comes to operating their cars on the streets and highways.

Police authorities stated last week that it is expected that the safety lane will continue in daily operation through the first two weeks of June if there is an apparent demand for the service and if the manpower is available to operate the lane.

The campaign in Oak Ridge for

Spring Dance Friday Night For Y-12ers

What: First annual Y-12 Spring Dance for all Y-12ers, families and friends.

When: Friday night, June 1, 9 p.m. to 1 a.m.

Where: Air-conditioned Oak Terrace ball room.

How Much: Tickets \$1 per person, including tax.

There it is folks—one of the biggest bargains in entertainment ever offered fun-seeking Y-12ers. It's an opportunity for every Y-12er to have an evening of fun and dancing, to meet old friends and make new ones.

Dunn's Orchestra To Play

Larry Dunn's nine-piece orchestra will provide tinkling tunes for the terpsichorean tricks of the guests—with frequent songs by Miss Anita Barker enlivening the proceedings. Miss Barker is a talented entertainer and was Miss Oak Ridge of 1954. She and the orchestra have been rehearsing a number of new tunes for the Friday night hop.

Another specialty act that is sure to please the audience will be the ventriloquism act of E. B. Lockhart, General Machine Shop. With his "partner," Slinky Lagoon, Lockhart has worked up a new line of conversation for the Spring Dance.

Door Prizes To Be Given

That's not all—during the intermission beginning at 11:30 o'clock three fine door prizes are to be given away to lucky number holders. One of the prizes will be an electric skillet, and the others will be of like value.

The First Annual Y-12 Spring Dance has been planned by the Recreation Department and the Y-12 Girls Club to complement the annual Christmas Dance-Party given during the Yule holiday season. It is intended to present these popular events twice every year in the future for the entertainment of all Y-12ers.

There should be no reason at all for any Y-12 male to "stand on the corner and watch the girls go by." Grab one and come out to the Oak Terrace Friday night. Also—it is Leap Year, so Y-12 gals need not be bashful in lassoing a boy friend for the occasion.

Enrollment For AEP Classes Opens June 4

Some Courses Eligible For UCNC School Aid

Registration for the 30 classes to be offered for the summer quarter by the Oak Ridge Adult Education Program will open next Monday, June 4, and for most of them will extend through June 15. Classes are scheduled to begin on the following Monday, June 11.

Course Must Benefit Job

Y-12ers enrolling in many of the courses offered by the Adult Education Program may be eligible for financial assistance under the Union Carbide Nuclear Company educational assistance program. The courses must be of benefit to the employee in his present job or in a future job. L. M. Lawhorn, of the Y-12 Training Department, Bldg. 9704-2, telephone 7751, will be glad to give any information or assistance to Y-12ers interested in taking advantage of the aid offer.

A total of 19 courses are offered in night school classes under the AEP. They range from six dancing classes to business English, high school English, history and mathematics, shorthand, typing and welding. Driver training is one of the interesting classes offered in this group of courses.

Business Classes Offered

Seven day courses in business training are offered. They include Gregg shorthand, typing, business correspondence, business mathematics, office machines, filing and indexing.

Four University of Tennessee courses carrying from two to four hours of university credits also are offered by the AEP. Enrollment in these courses will be held only on June 4, 5 and 6. The classes are English 111-E, English 213a-E, Engineering Drawing 141-E, and Engineering Problems 123-E.

Registration for the AEP courses and classes will be held in the Oak Ridge High School building.

JONAH'S WHALE?

Science reveals that of the larger variety of whales, only the sperm whale has teeth in the adult form. The sperm whale also is the only one of the specie with a throat large enough to swallow a man.

Responsibility For Security Up To Individual

Superintendent Murray Points Out Importance Of Protecting Y-12 Data

Several weeks ago Y-12 Plant Superintendent John P. Murray issued a statement to all Y-12 employees on "Individual Responsibility for Security." The importance of the subject matter always is uppermost for the safety of the nation. For this reason the message from Superintendent Murray is being repeated in full below:

Enemies Of Freedom

"With the entire world being reminded through the press, radio, and television of the importance of the work being done here at Oak Ridge, at Paducah, and at other AEC locations, we cannot but remind ourselves of the tremendous responsibility carried by all who are assigned to these projects. Realizing that the enemies of freedom, who are also the hostile competitors in the field of atomic energy, have been assisted by the help or carelessness or irresponsibility of people who were trusted, we must accept as a full-time assignment our individual responsibility for the classified information in our care.

"To be diligent in this means resisting the temptation to talk about it with your friends, members of your family, or uncleared colleagues, however trustworthy they may be. It means making certain that all classified printed matter receives proper care in handling, in the use of the receipt system, and in storage when not in use. It means, for the supervisor, assuring himself that personnel working under his direction having access in any manner are properly instructed in and are thoroughly familiar with procedures and requirements. It means recognizing the presence of uncleared visitors and therefore arranging the areas to be visited, whether they be laboratory, office, or shop, to prevent casual or inadvertent access by these visitors to classified features of our work. It means especially not making assumptions that, because a certain part of information is to be declassified, other related data are automatically to be released.

Paramount To National Defense

"Our Government has by law declared this care of information to be a matter paramount to the national defense (Atomic Energy Act, 1954), and the gravity of the individual's position is set forth in the security acknowledgment which every employee of the Commission and its contractors signs upon accepting his position.

"National defense information is permitted to be entrusted only to those whose duties require such knowledge and who have been cleared to receive it. The free world is dependent upon each of us to keep it so, and the integrity and responsibility of the individual scientist, administrator, craftsman, or clerk, are far stronger forces for success than the legal penalties provided for failure."

Miss Jane Ann Williams

Daughter Of Y-12er Is Valedictorian For Karns Seniors

Miss Jane Ann Williams, daughter of Fred R. Williams, of the Y-12 Photographic Section, has been named valedictorian of her senior class at the Karns High School. This honor is conferred on the student with the highest scholastic marks during the pupil's high school career.

Miss Williams, as valedictorian of the class, will speak at the Karns High School graduation exercises on Friday night, June 1. Her subject will be "American Youth Faces World Problems."

Attending elementary school in Oak Ridge, Miss Williams and her family moved to Karns several years ago. At Karns High School she is a member of the Beta Club and the Y-Teens. She also is editor of the school annual.

Get well wishes are sent the following Y-12 employees who were patients in the Oak Ridge Hospital last week:

Albert D. Cotton, Mechanical; James L. Sprouse, Research Services; Archie C. Hall, Process Maintenance; Herbert A. Miller, Tools; Eugene H. Williams, Planning and Estimating; Samuel H. Kesterson, Guard; Lloyd R. Nolan, E Mechanical Operations; Jesse C. Crowe and Hubert Myers, Buildings and Grounds; William L. Blackford, B Mechanical Operations; William R. Ellis, Electrical Engineering; Edgar E. Duncan, Chemical.

ENTREES ARE ANNOUNCED FOR SPECIAL LUNCHES

Veal stew with fresh vegetables will be the entree on the Y-12 Cafeteria Special Lunch on Thursday, May 31. On next Tuesday, June 5, the main dish will be Italian spaghetti with meat sauce. The 50-cent Special Lunches also include one vegetable, choice of salad or dessert and rolls and butter.

Slightly on the "shaggy dog" side of a joke is this purloined pun—

Arithmetic Teacher: "Johnny, can you tell me what a polygon is?"

Little Johnny: "I guess it means a parrot that's dead, doesn't it?"

SHIFT SUPERINTENDENTS AND GENERAL UTILITIES

J. A. McLain, General Utilities, is touring North Carolina and Alabama.

Ada Hopkins, of the Shift Superintendents Office, and her husband, **Clyde**, of F Mechanical Operations, are decorating Daytona Beach, Fla.

More Florida visitors are **D. C. Bowen**, Steam Plant, and his family—including son Darrell home on furlough—all in Pensacola.

ALLOY

M. H. Shanks, Alpha Four, is fishing in Crossville Lake and at Dale Hollow this week—promising to bring back prize winning bream and crappie for the Y-12 Fishing Contest . . . **Carl Frazier, Sr.**, the promotingest promoter on the premises, calls on all Alloyites to come out and root for the "Frazier Fumblers" during the second half of the season . . . **A. E. Stokes** has taken off for North Carolina and Ohio—good trick if he does it all at one time . . . **A. E. Harvey** and **J. C. Parton** are vacationing at their respectable (so would say Dizzy Dean) homes this week—planning to do needed housework but it is guessed J. C. took some time off for fishing . . . **Mabel Tyer** is bringing back some tall fish stories from the past few week ends—and comrades are expecting invites to a fish dinner soon . . . **Bill Geldmeier** and spouse, **Peggy**, of ORNL, are breezing down to Mississippi and Texas to visit home folks . . . Also away is the farming fury of **Powell D. A. Jennings**, tilling the soil . . . **C. L. Stevens, Sr.**, is the plant's newest Grandpop—and the Proud Pop is **C. L. Stevens, Jr.**, Alpha Five, whose son was born last week.

TECHNICAL

Alene Peach is welcomed as a newcomer to Project Engineering. . . . The department is sorry to lose "Bill" **Grizzell** to Civil and Piping Engineering, **Bernice Fitzgerald** to ORNL and **Norma Kennedy** to begin knitting little garments . . . A speedy recovery from illness is wished **Shorty Aiken** . . . **Gentry Underwood** brushed up on his Cajun talk for a vacation down Mississippi way this week.

Wow—here's a couple of gals going a long way from home—**Dora Whaley**, Laboratory Division; and **Veneta Tedder**, Development; are heading South, South America, that is, for a vacation tour de luxe. Their destination is Caracas, Venezuela, with sightseeing trips to Puerto Rico and the Virgin Islands.

Special Testing reports **Helen Clark** visiting relatives in Hartford, Conn. . . . **K. C. Anderson** is staying at home in Maryville with some side trips to Fontana Lake for fishing . . . **LaVaughn Heath** and her husband, **Harold**, are in Nashville, where they will attend the state Junior Chamber of Commerce convention . . . **Ava "Jackie" Lyons** is paying her usual spring inspection tour of the family cotton patch down in Athens, Ala. . . . **Bennie Houser** is staying around home in Concord . . . **Shorty Rogers** is at home over at Dante . . . **Charlie Knowles** breezed down to Daytona Beach . . . Sympathy is extended **Helen Stepp**, whose grandmother died recently.

Production Analysis sends get well wishes to **Be Be DeRenzis**, at home fighting a vigorous virus bug . . . Likewise to **Ann Bishop** at home with a throat infection . . .

Anna Ruth Roberson and **Elizabeth Patrick** are back from their European tour . . . **Earl Price** and wife **Rose** are Daytona Beach visitors . . . Transfer **Carolyn McBride** was given a warm welcome last week.

R. P. George, Electrical Engineering, is vacationing—yes, this is right, ON Norris Lake, engaging in his principal avocation of angling (see pictures, Page Three). . . . **W. R. Ellis** is receiving get well wishes again—was in Oak Ridge Hospital, went home and then back to the hospital . . . **C. B. Brown** will be missed after his transfer to ORNL.

Another Daytona Beach rest-upper is **Carolyn Seahorn**, Instrument Engineering . . . **F. E. Groothuis** is doing a stint for Uncle Sam's Armed Forces with the Navy Reserves in Georgia.

Mechanical Engineering rolled out the "Hi, there" carpet for **Oscar Smith** last week . . . **Lil Higgins** still is on the sick list and receiving rapid recovery wishes. . . . A son was born to Mr. and Mrs. **Art Brewer** on May 21. He weighed a little over eight pounds and has been named **Olin Ray**.

A. J. Stewart, Health Physics, started his vacation in the hills of Norris and then jumped to the South Carolina flatlands.

Irene Ellison, Production Assay, is looking over New Orleans . . . **Dorothy Moore** went to Pisgah, Ala. . . . **Bill Garland** also chose New Orleans for vacationing purposes.

CHEMICAL

L. A. Stutts, Chemical Department, is another Daytona guest, expecting to do some deep sea fishing and catching up on rest . . . **Jim Arrington** will be doing his angling at Fontana Lake . . . Getting homesick for the farm, **J. T. Dobbs** (definitely no kin to the Dobbs well known to the Colyum Conductor) is visiting relatives in Kentucky and helping with the hay cutting . . . **Ruth Hounshell** is visiting in Jonesville, Va. . . . **H. E. Harmon** is vacationing at home in Harriman . . . So is **J. M. Thompson** in Oak Ridge . . . **B. F. Thomas** is somewhere up in yankeeland . . . **J. D. Bounds** went south to Pensacola for some Naval training for two weeks . . . **J. U. Drummer** and family are visiting relatives in Ft. Wayne, Ind.

INDUSTRIAL RELATIONS

The Guard Department sends get-well wishes to **Polie Garrison**, ill for some time . . . **Lieut. G. A. May** is moving into his new home while vacationing.

Kay Collins, who brightens up the Fire Department, has been vacationing and entertaining out-of-town guests . . . The Boys in Blue welcome **J. C. Hastings** back after a spell of sickness.

Meta Butler, Personnel Services, and her daughter, **Betty Jo Butler**, of Medical, are spending their vacation entertaining guests.

Art Hines, Insurance, is vacationing up in his native Kaintuck, and, guess what, he is playing golf.

Employment welcomes **Ann Hensley** as a new employee.

Evelyn "Fiz" Tucker, Cafeteria, has been in Nashville to attend the funeral of an uncle . . . **Jamie Goodman**, pie maker unexcelled, is visiting relatives in Mississippi.

Alice Mattingly, Medical, is vacationing at home in Knoxville. . . . **Genie Hale** and her husband, **Bob**, an ORNL chap in Y-12, are planning fishing and a trip to West Virginia with stops for fishing . . . **Dr. Harry Dickson** has been in his old stamping grounds at Memphis for several days.

MECHANICAL OPERATIONS

Bob Hagood is welcomed back by A Mechanical Operations after a three-week illness . . . **C. J.**

GUESTS AT LINEN SHOWER for bride-elect Miss Betty Ann Martin, of Production Analysis, are shown above. In front from left are Mary Ferguson, one of the co-hostesses; the honoree Miss Martin, Ruby Viator and Margaret Eger, also both co-hostesses. In rear are Norma Powell, Frances McKnight, Deborah Hubbs, Billie Braden, Ann Wenzler, Alice Elder, Be Be DeRenzis, Katherine Dalton, Rose Price and Blanche Dresner. The shower was given May 19 at the Viator home in West Haven community, near Knoxville.

MARTIN—CREIGH

A June wedding is planned by Miss Betty Ann Martin, of the Spectrographic Laboratory of the Production Analysis Department, and **Roderick Finley Creigh**, of the same department. The engagement was announced a few days ago by parents of Miss Martin.

The bride-elect is the daughter of Mr. and Mrs. George Martin, of Sistriville, W. Va. Creigh is the son of Mr. and Mrs. S. F. Creigh, of Oak Ridge. The elder Creigh is B Shift Superintendent of Y-12.

Miss Martin has been a Y-12 employee since June, 1952. Creigh came to work in the plant in November, 1954.

After their marriage, the couple plans to live in the West Haven community just outside of Knoxville on the Oak Ridge Highway.

Tapscott is vacationing down Cuba way . . . **J. R. Wells** went over to High Point, N. C. . . . **J. R. Johns** is visiting kin folks in Memphis. . . . **T. W. Bailey** is going to redecorate his home.

Industrious folks feature B Mechanical Operations news . . . **J. R. McPhail** is going to set out some tobacco plants while vacationing in Monroe County . . . **J. D. Bowling** is going to catch up on his plowing . . . **E. B. Seeber** is going to do a job of house painting . . . **P. S. Greene** is building a new house . . . **L. R. Banker** plans some farming around Cleveland, Tenn., but will break it up with a bit of fishing . . . Other less ambitious or energetic gents, or maybe they just want to really enjoy a rest, include **P. R. Blackwell** going to Ohio to visit a son . . . **R. F. Phillips** in Mississippi seeing relatives.

. . . **C. L. Myers** plans a trout fishing jaunt to North Carolina . . . **C. E. Rickman** is in Oklahoma with relatives . . . Fishing drew **J. J. Campbell** to West Virginia. . . . **A. J. Melton** hopes to gain the same objective around home . . . **G. R. Owen** is in Virginia and Indiana visiting kin folks . . . **P. G. Fleeman** is another Virginia visitor . . . Florida and North Carolina attracts **J. Deans** . . . **J. K. Johnston** says he is going "to eat on his uncle" in Florida . . . **C. A. Crutchfield** is going to take his family to Norris Lake for a camping trip . . . Stay-at-homers are **S. J. Vaden** and **J. H. Grantham** . . . **J. F. Griffith** is entertaining his brother from Dayton, Ohio . . . **C. H. Radford** took his family to Alabama then will have to "batch" it for a few weeks until they return.

C Mechanical Operations has **F. D. Lively** vacationing in Knoxville . . . **G. T. Bell** is staying at

Miss Betty Ann Martin

Wife Of Y-12 Man Is League Director; Meet Set May 21

Mrs. J. L. Ledgerwood, whose husband is a Y-12 employee in the Product Processing Department, is a member of the board of directors of the Oak Ridge League of Women Voters.

Mrs. Ledgerwood 31, when work of the Oak Ridge Facts Advisory Council will be discussed.

The meeting will be held in the second floor meeting room of the City Administration Building.

Mrs. Ledgerwood and other members of the board have invited several members of the ORFAC committees to describe their studies of the methods and problems of the proposed Oak Ridge incorporation. The panel, as well as other members of the council, will answer questions following their presentation.

Widow, Mother Of Former Y-12ers Claimed By Death

The widow of one popular former Y-12er who also was the mother of another former employee died at Baptist Hospital in Knoxville last week. She was Mrs. Mildred McNamara, 55, who was the widow of Tom McNamara, formerly with Planning and Estimating, who died last fall; and mother of Fred McNamara, former Y-12er with the General Machine Shop.

Many Y-12 friends of the McNamaras attended funeral services for Mrs. McNamara last Friday at St. James Episcopal Church in Knoxville.

49ers AND EARLY BIRDS WIN SOFTBALL TITLES

Leagues To Resume Action This Week

Managers Will Discuss Realignment Of Loops

With the 49ers taking top honors in the American League and the Early Birds duplicating in the National League for the first half of the season in Y-12 Plant softball competition, the athletes of the 11 teams in the two leagues are preparing for the second half of play, scheduled to get underway this week. Managers are to meet early this week to discuss realignment of the two circuits and a schedule.

Ed Sise Smothers Wildcats

The 49ers clinched the American League crown for the initial round of play with a convincing 13 to 1 victory over the Wildcats. Both teams went into the "crucial" game unbeaten, but the cunning of the veteran hurler Ed Sise of the 49ers was too much for the Wildcats, who only got three bingles. Eight Wildcats were whiffed. Sise won four games for the 49ers out of their seven wins without a loss.

After a hurlers' battle between Sise and Monsey for the Wildcats for three rounds with no scores being posted, the 49ers began blasting base blows all over the place as well as taking advantage of opposition miscues. Bill Belvin hit a homer for the winners in the seventh.

Wildcats Break Even

The Wildcats broke even for their two appearances in the waning days of the schedule by repulsing the Cubs by 5 to 4. The winners were aided by a circuit clout by Stephens in the sixth that proved the margin of victory. Monsey fanned 11 Cubs, but had to wiggle out of a hole in the final inning when the Cubs threatened with three runs and came within one counter of tying the contest.

The Early Birds earlier had clinched the National League title with a good margin of safety over the Slow Pokes, who handed the champions their only loss of the schedule.

Final standings in the two leagues and line scores of the last two games played in the first round follows:

American League			
Team	W	L	
49ers	7	0	
Wildcats	6	1	
Lions	4	2	
Bums	3	3	
B Bombers	2	3	
Cubs	1	3	
Rebels	1	5	

National League			
Team	W	L	
Early Birds	6	1	
Slow Pokes	4	3	
Day Lifters	4	3	
Daffy Dills	3	3	

Line Scores			
Team	R	H	
49ers	000 216 4	13	8
Wildcats	000 100 0	1	3

Batteries: 49ers, Sise and Dodson; Wildcats, Monsey and Osborne.

Cubs 000 001 3—4 5
Wildcats 000 131 x—5 6
Batteries: Cubs, Hill and Myers; Wildcats, Monsey and Smith.

A survey indicate that half of all brides today are less than 20 years old. They are learning younger.

Remember-Only you can

PREVENT FOREST FIRES

"HEY BOY, IT WENT THATAWAY," AND SO IT DID—a red hot line drive by a member of the Slow Pokes team of the National League of Y-12 Plant softballers skipped by Early Bird first baseman T. W. Compton in the picture at left and already is out of Pinewood Park as second baseman J. R. Murph and right fielder Max Whitley take out in futile

pursuit of the ball. The umpire is Jack Campbell getting ready to follow the runner (out of picture to left) around the bases. At right a pair of Early Bird runners scoot across the plate, M. Q. Kosier scoring ahead of J. B. Bowman, who had just clouted a home run. The catcher is Carl Slaughter, manager of the Slow Pokes.

Second Golf Meet Of Year Set June 9

Y-12ers Will Compete Over Martel Course

The second Y-12 Golf Tournament of the season has been scheduled for Saturday morning, June 9, at the sporty little Cedar Hills Golf and Country Club course over near Lenoir City. Tee off time will be at 7 a.m. and all contestants are urged to be underway not later than 8:45 a.m. Play will be medal over 18 holes.

The same division of players used in the first tournament will be used in the June 9 event. Division No. 1 will be composed of players with handicaps up to 12 strokes. In Division No. 2 will be golfers with handicaps of from 13 through 22 strokes. Players with handicaps of more than 22 will be in Division No. 3.

There will be no hole in one contest in the coming tournament, but a total of 22 prizes will be awarded in the three divisions of play. Here's how they are divided: Six awards will be presented in the Division No. 1. They will go to the low and second place net and gross scores for 18 holes, low net and gross for the first nine holes.

In Division No. 2 eight awards are to be made. The first three scorers in both net and gross for 18 holes will receive prizes as will the players with the low net and low gross scores for the first nine holes.

The same split of awards will be made in Division No. 3.

Ludwig-Wylie Duo Leads Knox Golfers

The Floyd Ludwig-George Wylie golfing combine forged to the front in the Y-12 Plant Golf League at Whittle Springs Golf and Social Club in Knoxville after two rounds of play. They have a record of six points won and none lost. Speas-Heins and Burrus-Sawyer are tied for second place with identical three - and - none marks. The rest of the 14 teams are strung out behind the leaders like the field in the Kentucky Derby trailed Needles.

Ludwig, Bill Countiss and Al Sawyer tied with 37's for low scratch scoring in the second round and Countiss posted a 28 with handicap for the nine holes. The Countiss-Bowles team had a 75-62 for best team score.

Team	W	L
Ludwig-Wylie	6	0
Speas-Heins	3	0
Burrus-Sawyer	3	0
Huskisson-Wilburn	5	1
Hill-Hilton	4 1/2	1 1/2
Countiss-Bowles	4 1/2	1 1/2
Morgan-Miller	3	3
Kovach-Bremen	3	3
Berrier-Herrell	2	4
Simmons-Stroud	2	4
Lovell-Case	1	2
Peterson-Lockhart	1	5
Barasso-Cook	1	5
Wakefield-Schappel	0	0

THE NATTILY ATTITRED EARLY BIRDS, winners of the first half of the season race in the National League of Y-12 Plant softballers, are shown above. Representing the General Machine Shop the Early Birds (called in some circles the Elderly Buzzards) are, front row from left, J. S. Steward, Max Whitley, P. W. Bullard, Manager E. W. Smith and Assistant Manager J. J. Winslett. In the middle row are B. R. Murphy, M. O. Spencer, Bob Lowery, J. B. Bowman, T. W. Compton and J. Massengill. In rear are H. C. Houston, M. Q. Kosier, G. B. Butters, J. R. Murphy, A. R. Brown and C. E. Spradlin. Squad members absent when picture was made were W. M. Capps and Earl Hargett.

Pair Of Pistoleers From Y-12 Earn Posts On State Civilian Team After Ridge Meet

Two eagle-eyed Y-12 pistoleers made excellent showings in the recent fourth annual Oak Ridge Sportsmen's Association pistol tournament and earned places on the state civilian team squad to fire in the national matches at Camp Perry, Ohio. The two Y-12ers were J. C. Ezell and R. L. Vanderpool, Ezell being placed on the state team as a member and Vanderpool as an alternate.

Ezell took first place in the tournament in .45 calibre fire and was second with .38 calibre fire, both in the Sharpshooter class. Vanderpool fired in the Marksmen class and took first place in the .45 calibre, .38 calibre, .22 calibre and grand aggregate scoring. The national match course was fired.

Other members of the Camp Perry team in addition to Ezell are L. Martin and R. T. Hays, Nashville; and J. K. Bair, a former Y-12er from Oak Ridge. J. E.

Brewer, also of Oak Ridge, was the other alternate chosen in addition to Vanderpool.

Old Timers Blank Rebels By 3 To 0

The H Shift Old Timers of the B Mechanical Operations Department decided to show the young squirts of the upstart Rebels of the American League of Y-12 Plant softballers something about the game last week. The Old Timers, paced by the no-hit pitching of Collins, blanked the Rebels by the score of 3 to 0.

Two Y-12 Riflemen Help Ridgers Tie

Carl G. Brewster and R. L. Vanderpool, crack Y-12 riflemen, helped the Oak Ridge Sportsmen's Association team fire two close matches recently against the University of Tennessee gunmen. The Oak Ridgers nosed out the Vols by three points, 908 to 905, on the Oak Ridge range after the two groups had posted a 909 tie on the university range. In an earlier match the university team won by two points.

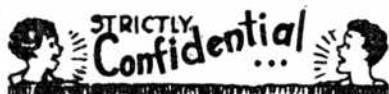

In the two matches in which they fired Vanderpool posted scores of 173 and 184, while Brewster had 178 and 179.

home in Rockwood.

D Mechanical Operations sends get well wishes to **J. H. Douglas**, still on the sick list. **D. J. DeHart** and his son spent a recent week end fishing—the son caught most of the fish. **J. A. Whitten** reported a nice string on a recent angling adventure. **L. T. Perkins** planned to do some line wetting up around LaFollette. **A. D. Marlow** is taking it easy over at Wartburg. **C. J. Sholz** was looking forward to a family reunion on his vacation.

J. A. Woods, F Mechanical Operations, is touring California. **H. W. Clear** selected Florida instead. **W. Stegall** is looking forward to moving into his new home in Kingston. **C. H. Edwards** plans some house painting with fishing tossed in for relaxation. **Paul Fritts** vows to do nothing but take life easy on his vacation.

Daytona Beach breaks into the news again—this time it is **R. R. Feron**, of E Mechanical Operations, and his wife there on vacation. **R. L. Hazlett** and the missus are visiting their son, a student at Memphis State College. No mere fish tales these—they are vouched for—**S. R. Anderson** caught a four-pound carp on a top water plug in Ft. Loudoun Lake. **N. R. Parrott** nabbed a two-pound water dog on a trot line over at Norris. Get well wishes to **C. E. Smith, Sr.**, and **L. R. Nolan**, hospitalized folks.

The Daytona Beach parade is still on—**Otis Rackley**, General Machine Shop, is down thataway. **Frank Shipley** crossed the state—went to St. Petersburg. **L. B. Morrow** went to the same spot. Another Florida tourist is **J. R. Aytes** in Pensacola. Closer by—**J. E. Hargin** attended graduation exercises for his brother-in-law at Murray State College, Murray, Ky. **Jim Monday** planned a Gatlinburg visit, thence on to Injuntown at Cherokee and then for some fishing. **C. R. McGinnis** went to Morristown and for some fishing at Cherokee Lake. **W. J. Grigsby** is "just vacationing" at Kingston. So is **W. H. Rogers** at Athens. Likewise **O. W. Morris** in Knoxville. Get well wishes to **C. L. Ramsey** at St. Mary's Hospital in Knoxville. "Howdy," say the Shoppers to newcomer **C. W. Williams**.

MANUFACTURING OFFICE
M.O. Supt. Ed Ellis and family are members of the Daytona Beach delegation of vacationers—**Dave Harrigan** is "sitting in."

Ray Stewart, Reproduction, is visiting his in-laws at Joliet, Ill.

The Mail Room and many other friends of **Charlie Hall** in the plant send best of luck wishes to him at the Mayo Clinic for a check up. The Cashier's Office welcomes **Barabara Pullen**, recently transferred to the group.

Stores sends rapid recovery wishes to **J. W. Fielder**, convalescing at home in Harriman after a siege of hospitalization. Also to **F. E. Bailey** in Baptist Hospital in Knoxville. Congratulations to Proud Pop **J. R. Plyman** whose son was born May 23 at St. Mary's Hospital, Knoxville, weighing six pounds, 15 ounces. **M. E. Turn-**

er is vacationing in New Orleans. **J. W. Leinart** went over to Nashville. **G. L. Unthank** plans some work on his home in the Burchfield community.

Paul Snodgrass and **Fred Sherrod** are welcomed back by Receiving after being ill. **Delores Campbell** is sightseeing in Nashville and then plans to go on to Kentucky to see her folks.

Property Sales sends condolences to **C. E. Jennings**, whose grandmother died recently at Kingsport. The gang is glad to have **Mel Hudson** back after being ill. **Bevelee Hackworth** divided politicking and fishing while vacationing.

Production Inspection warmly welcomed newcomer **Pat Dabbs, II**, his dad is **Capt. Pat Dabbs, Sr.**, of the Guard Department. These workmen—they're still at it—**Meril Emery** has been working on his Knoxville house. **J. D. Brown** has been building a garage in his Oak Ridge backyard. **L. K. Dickey** spent his vacation at home in Lenoir City chatting with his son on furlough from the Army.

MAINTENANCE

One more customer for Daytona Beach—it is **Mildred White**, Planning and Estimating. P. & E. welcomes **John Irving** back after an extended illness.

The Mechanical Department hopes **Ernest Konig** and **A. D. Cotton** quickly get over their bumps and bruises from a recent automobile collision.

J. E. Bartholomew, Alloy Maintenance, is visiting his mother and sister in Hamilton, Ind. **Q. F. Mullins** is visiting friends in St. Louis. **W. J. Brown** is fishing around Kingston.

Salvage sends rapid recovery wishes to **J. C. Taylor**, recovering from a tonsilectomy.

Research Service is congratulating **T. E. Buckner** over joining the Proud Pop's Club as a result of the arrival of a daughter in the family at Ft. Sanders Presbyterian Hospital in Knoxville May 23 weighing six pounds, 11 ounces. **W. E. "Bill" Humphrey** is a fishin' and a flyin' around Fountain City. **H. G. Simerly** is looking up East Tennessee kin folks and fishing.

J. R. Carriger, Electrical Maintenance, recently visited a sister in Ohio. **R. H. Freeman** is vacationing—spending his time at the bedside of his wife, who underwent surgery at Baptist Hospital. Get-well wishes to **E. B. Kimbro** at Oak Ridge Hospital. Congratulations to **T. J. Messer**, whose new son was born May 13 at Oak Ridge Hospital and named Larry Ray.

G. A. "Andy" Anderson, Laundry Department, is vacationing at home—his wife (it says here) plans for him to paint the house.

Al Groppe, Process Maintenance, and his wife enjoyed a Florida vacation at Ft. Myers and Key Largo. Get-well wishes to **S. H. Franks** at home and **A. E. Hall** in Oak Ridge Hospital. Also to the uncle of **J. C. Rogers** at Rogersville—the Y-12er has been visiting him there.

Can you readers remember as far back as the adventures of **Little Johnny** in the "lead all" of this here colyum? Well, **Little Johnny** is at it again. Take heed; **Little Johnny**: "Mommy, why do

Hall-Whitehorn Near Rockwood Win

With just one more week of play scheduled in the first half of the season, the Hall-Whitehorn team held the lead in the Rockwood Golf League for Y-12ers. They had a two and one-half point advantage over their nearest opponents.

League standing follows:

Team	W	L
Hall-Whitehorn	13½	4½
Tiller-E. Roberts, Jr.	11	7
S. Brown-Patton	11	7
Pletz-R. Roberts	10	8
Anderson-McMillin	8½	9½
Mays-E. Roberts, Sr.	8½	9½
Mee-Owings	5½	12½
C. Brown-True	4	14

Rides Wanted, Offered

Want to join car pool from Woodland vicinity, Oak Ridge, to West Portal, straight day. Joanna Rowan, plant telephone 7788, home telephone 5-8784, Oak Ridge.

Three riders wanted from vicinity Greenway, Fair Ave., Cedar Lane and West Haven, H Shift. W. A. Sharp, home telephone 6-0528, Knoxville; or C. E. Keaton, plant telephone 7573.

Riders wanted from Clarion Road section, Oak Ridge, to North or Central Portal, straight day. H. L. Horne, plant phone 7768, home phone 5-3230.

Three riders wanted from Chapman Highway or Western Ave. section of West Knoxville, straight day. R. E. Pelfry, home phone 7-6939, Knoxville.

Ride wanted or will join car pool from Joyce Lane, Powell, to East Portal, straight day. Kettle English, plant phone 7731, home phone 4-6603, Powell.

Ride wanted or will join car pool from Piney Grove Church, Amherst Community, to Central or North Portal, straight day. R. M. Chapman, plant phone 7102.

Riders wanted from North Hills or Lincoln Park sections of Knoxville to East or North Portal, straight day. S. B. Peake, plant phone 7077, home phone 4-5401, Knoxville.

Ride wanted or will join car pool from West Tennessee Ave., Oak Ridge, to Central Portal, straight day. Pat Dabbs, II, plant phone 7336, home phone 2-1127, Oak Ridge.

Ride wanted or will join car pool from Salem Road at Turnpike, Oak Ridge, to West Portal, A Shift. T. M. Sampley, plant phone 7639, home phone 5-7936.

Ride wanted from vicinity of 196 North Purdue, Oak Ridge, to Central or North Portal, straight day. Verna Morris, plant phone 7751.

Ride wanted from vicinity of 216 North Purdue, Oak Ridge, to Central or North Portal, straight day. Sue Clancy, plant phone 7253, home phone 2-1253, Oak Ridge.

Ride wanted from Shelbourne Towers, West Knoxville, to Central Portal, C Shift. Carolyn McBride, plant phone 7555, home phone 5-5604, Knoxville.

Horseshoe, Tennis Players Are Sought

Y-12 tennis players, both men and women, and horseshoe pitchers are urged to fill out the blank appearing at the bottom of Page Three of this issue of The Bulletin indicating their interest in the sport for the coming summer season. The ballot should be mailed at once to the Y-12 Recreation Office, Room 221, Bldg. 9704-2.

radio announcers have small hands?"

Mommy: "What ever gave you that idea?"

Little Johnny: "They're always saying, 'Wee paws for station identification.'"

We paws—for quitting time.

Two Widely-Known Y-12ers Are Retiring

Continued from Page 1

this is one of the greatest firms I have ever worked for. Seldom can a man find a place with such a pleasant situation and cooperation from his fellow employees."

Monger came to Y-12 from the Holston Ordnance Works at Kingsport where he had been chief mechanical engineer. He previously had worked at the Fulton Sylphon Co. in Knoxville and the Shop Engineering and Sales Co. in Knoxville in addition to other positions.

His grade schooling was obtained in schools of Knox and Loudon Counties and he graduated from Lenoir High School in 1913. Afterwards he took a four year course in mechanical engineering from the International Correspondence School.

Rose Raising Is Hobby

For the past several years Monger, who is single, has lived with his sister, Mrs. Rossie Lee Monger Clark, 2904 East Fifth Ave., Knoxville. The Y-12er plans to continue residing there—giving attention to one of his hobbies of raising roses. He has between 300 and 400 bushes, some of them rare varieties. He also says he plans to do some "politicking" around Knoxville.

Monger is a member of the Baptist Church, the American Society of Mechanical Engineers, is a Mason, Knight Templar and Shriner.

Durrett also is a native Tennessean, having been born in Giles County near Pulaski on May 7, 1891. He first came to work in Y-12 on July 16, 1945, as a cook, was away briefly after a reduction in force on January 8, 1947 and was rehired as chef in May of the same year.

Catered To Prominent Visitors

In his capacity as chef of the Y-12 Cafeteria it has been Durrett's job on many occasions to serve delicious luncheons to prominent visitors, including high Union Carbide and Carbon Corporation officials, Atomic Energy Commission authorities, members of Congress and others. Many of the guests have highly praised the cuisine offered at these meals.

Durrett was guest of honor at a buffet supper given by fellow employees last Thursday, May 24, at Gary Hall. He was presented with a luxurious "Lazy Boy" chair and a cash gift.

"This is the high point of my work in Y-12," he declared in accepting the gifts and well-wishes of Cafeteria Supervisor George J. McNamee and other friends.

Going To Visit Grandchildren

His immediate future plans first call for an airplane trip to California within the next few days with Mrs. Durrett to visit his stepson, Carlisle Durrett, at Daly City, Cal., near San Francisco. The Durretts are particularly anxious to see their two grandchildren there.

After their return, Durrett plans to go to Florida to "prospect around" a bit with the possibility of finally settling there. In the meantime the Durretts will live at their attractive little 10-acre farm and home over on Ball Camp Pike that he converted from an Oak Ridge "flat top." His home hobbies include raising fine tomatoes and many Y-12ers gratefully remember some of his gifts of fine fruit from the Durrett garden.

Durrett attended grade school at Cedar Grove, Tenn., and later Massey Preparatory School at Pulaski.

Veteran of Both World Wars

The Y-12 chef is a veteran of both World Wars, having served in the Marines, Army, Navy and Coast Guard, mostly as a cook. His first enlistment was with the Marines from June 16, 1917, to August 13, 1919. Later he did a hitch with the Army as a corporal from September 30, 1920, to July 23, 1921. In October of 1921 he joined

Table Tennis Play Resumes In Autumn

The Carbide table tennis ladder, which closed its first season on May 14, will resume play next autumn, with all enthusiasts of the sport in the three Oak Ridge installations invited to watch for notice of play and to come out for the sport.

A total of 28 players took part in the ladder competition in the season just closed, six of them being from Y-12. The Y-12ers and their final positions on the ladder were Red Brewer, fifth; J. B. Peters, seventh; Art Stewart, 13th; J. D. Hall, 22nd; C. B. Brown, 24th; and D. F. Bougrand, 25th. D. K. Holmes, Oak Ridge National Laboratory, won the ladder play with a record of 11 victories and no defeats during the season.

Safety Lane Checks Held 'Encouraging'

Continued from Page 1

motor vehicle safety checks is headed by Arthur L. Garrett, Jr., manager of the Southern Bell Telephone Co. in the city. He points out that Oak Ridge is participating along with other Tennessee cities in a National Vehicle Safety-Check Program to emphasize the importance of keeping vehicles in safe operating condition.

Up To Individual Drivers

"The most important thing in the program," Garrett points out, "is not the competition nor the awards presented cities with the biggest percentage of its vehicles inspected and passed as safe, but the safety of the individual community and motorist. The success of the entire program depends entirely on the response of every individual driver. The responsibility for public safety as well as their own rests on these drivers."

The Oak Ridge Safety Lane is located on East Division Road and is open from noon to 6 p.m., Mondays through Fridays and on Saturdays from 10 a.m. to 4 p.m.

Koons Keglers Vie In Detroit Event

Elmore Koons, Process Maintenance; and his wife, Mavis Koons, of B Mechanical Operations, both among the leading bowlers in the Y-12 Plant, competed in a Husband and Wife Bowling Tournament in Detroit, Mich., last Saturday. Results will not be known until the couple returns to Oak Ridge after a vacation trip that will include Chicago and St. Louis. As individuals, both have posted good scores in Oak Ridge competition for the past several seasons and if as a couple they can combine good scoring nights they should make an excellent showing in the Detroit event.

the Navy for a four-year hitch, being discharged on October 19, 1925. After several years of civilian life, spent mostly in Nashville as a restaurant operator and manager, he joined the Merchant Marine on November 30, 1942, serving until June 19, 1945.

Durrett is a Mason, Scottish Rite Mason and Shriner. He also belongs to the Moose, Eagles and Elks in Oak Ridge and is a member of the American Legion and Veterans of Foreign Wars. He is a member of the Methodist church.

DRIVERS ARE WARNED

Coming up for automobile drivers and pedestrians include a buzzer that warns the latter when a car shifts into reverse. Another gadget premits drivers to set and maintain speed without keeping a foot on the gas pedal, and a tail light that starts to blink STOLEN in three-inch letters when any unauthorized person starts driving the vehicle.
